REMEMBER

The Story of Abe Price

BY
JEFFREY
BINDER

At just 16-years-old, Abraham Piasecki's life is uprooted by the Nazi invasion of Poland. From living in the ghetto of Kielce to imprisonment at Auschwitz- Birkenau, *Remember* brings to life the harrowing true story of a Holocaust Survivor who escaped Nazi captivity five times. This immersive, challenging, and ultimately captivating story of resilience brings us into one man's memories and asks us to never forget.

Bring this original Gulfshore Playhouse production to your school or cultural center and experience the power of theatre. Teaching students about the Holocaust and honoring the memory of those who endured it, *Remember* is a vital, true story that comes to life in front of your organization.
